

SINNERS 

(FR)

PRESENTATION

Label

Sinners is a french music label that captures the paradoxes of our world.

From a cold and dark techno music, powerful themes and elegant aerial elements arise in a subtle musical mixture that challenges our brutal and grey reality with the colors and pureness of our ideals. The impressive skills of talented producers such as **Mark Höffen**, **Aalson**, **Abe**, or **Elska** are showcased on numerous releases that help the listener elevate from the grayness of our world, in an eye-opening musical experience.
