BIOGRAPHY

Label
Sonate / Hungry Music

Although famous for his countless electro-melodic releases and his vibrant live shows, Worakls is a composer above all. Raised in a family of musicians, he learned the piano at the age of three years old and then carried onwards to a full conservatory education.

He discovered electronic music later on, this new genre allowing him to add to his sense of melody, strength and onirism. That's when he founded « Hungry Music », in 2013, the French indie label being recognized today as one of the most influential of the French electronic music scene.

Worakls now mixes in these universes that inspired him along his career and embraces these influences and inspirations to a full extent with his new born label project, "Sonate".
